

Jansel Court Condominium

STORM SHUTTERS INSTALLATION GUIDELINES

ROLL DOWN SHUTTERS

These are pre-installed, PVC or metal louver shutters. They are housed in a box above the window or door and roll down along a set of tracks either side and lock at the bottom. Mandatory colour: WHITE

ACCORDION SHUTTERS

These are pre-installed. They are housed in a box on either side of the window or door, are pulled out to deploy them and are locked in the middle to the other accordion panel. Mandatory colour: WHITE

PANEL SHUTTERS

These steel or aluminium shutters must be stored away when not in use. They require a steel channel at top and bottom of the window that must be anchored prior to the installation of the shutters. Mandatory colour of top and bottom channel: WHITE
